UNIVERSITY OF DELHI

Internal Academic Audit Observations & Suggestions

Department: Geography

Academic Year: 2020-21 (from 1 July 2020 to 30 June 2021)

Observations:

1. The Department introduced new pedagogies to cater to the on-line mode of teaching. Students got additional training on Online mapping techniques and digital cartography.
2. Mentor-mentee programme was strengthened to cater to needs of students - to help them with their academic queries and other support.
3. Many faculties have done FDPs to learn new pedagogies for teaching-learning in the virtual mode.
4. The Department hold webinars/seminars to inculcate research ideas and encourage students to learn beyond their course curriculum

Suggestions:

1. The Department should strengthen documentation of student progression data of the graduate students. For this, data should be collected from the students annually after they complete their graduation from the college
2. The Department can strengthen UG research by offering students summer workshops/ projects.

A handwritten signature in black ink, appearing to read 'Nisha', written over a horizontal line.
