

Action Taken Report of Faculty Feedback 2021-2022

The College strives to fulfil its responsibility towards one of the most important stakeholders of our ecosystem, the teaching staff.

It's heartening to note that 76 percent of the faculty rate the overall environment in the college for teaching and research as exemplary. About 89 percent of the faculty feel that they are involved in the decision-making process in college. Most of the faculty members (95 percent) are satisfied with the library facilities in college. Over 78 percent of the faculty rate the ICT facilities of the college at 4 and 5. Almost all the faculty members have expressed their contentment with the infrastructure facilities, cleanliness, support from non-teaching staff, medical facilities, timely disbursement of salary and allowances in the college.
